

Thieves Break Into Drug Store.

Cameras, kodaks, fountain pens, pipes, chocolates, and other articles comprised an haul made by thieves who broke into Chamber's Drug Store sometime between Thursday night and Friday morning. W. A. Austin, who was passing the store to catch the early train on Friday, noticed a window at the rear of the store had been smashed and immediately telephoned Mr. Chambers who on his arrival discovered that an entry had been effected by the thieves removing the storm sash and smashing the glass of the office window.

A hasty calculation revealed the fact that about half a dozen cameras were missing, ranging in

price from \$23.00 down. There were also four fountain pen and pencil sets gone, expensive pipes, some priced at \$5.00, razor blade sets valued at \$5.00, numerous boxes of chocolates and candies, etc.

The exact loss will only be ascertained when a complete inventory is made, but Mr. Chambers estimates that it cannot be less than \$300.00.

Not content with stealing the articles mentioned, the thieves maliciously threw chocolates and candies into the ice-cream box the contents of which apparently had been removed. The ice-cream was scattered everywhere over the floor, even venturing upstairs and throwing it around.

This phase of their operations it is difficult to find a reason for.

The provincial police were notified by Mr. Chambers immediately after the discovery of his loss, and with a promptitude that is characteristic of this force, a member was down from Olds within an hour of being notified. No clue, it is understood, has as yet been discovered as to who the thieves were.

During the same night, a visit was paid by someone or other to nearly every church in town. A box in the Evangelical Church was broken open and the contents, amounting to somewhere about \$10.00, were taken.

The Mennonite, Presbyterian, and Anglican churches were also paid attention to, but so far as can be ascertained, nothing was taken.

Golf Notes

It has been decided to hold the competition between the president and the vice-president on the first half holiday, which will be Thursday next, May 19.

Will new members please hand their names in to the secretary, in order that the draw can be completed?

The course is now in excellent shape. All the holes are playable excepting the second. The high water prevents crossing to the second just at present, but with good weather this condition should soon be remedied.

Another improvement has been completed by laying down a new cement top at the fifth hole. It has proved so successful that two more will be laid down immediately. It is with considerable satisfaction that one notes the big slough on the fifth fairway has now been drained, and the danger of losing balls there has been eliminated.

Some of the members were somewhat downcast last weekend by the heavy snowfall, but the course has dried up quickly, and on Monday play was again in progress.

C.P.R. TRAIN SERVICE.

The summer train service of the Canadian Pacific will come into effect on May 15th, on which date the Trans-Canada will be resumed. Changes in the Edmonton-Calgary service have been made which will make for better connection with main line service.

North-bound trains will now arrive at Didsbury at 11:06 a.m., 6:10 p.m., and 3:11 a.m.

South-bound trains will arrive at 5:28 a.m., 12:35 p.m., and 6:10 p.m.

Rugby Items.

The regular meeting of Rugby W.I. was held at the home of Mrs. G. Harris. Notwithstanding the very bad roads the attendance was good, there being sixteen members and two visitors present. One new member joined our ranks. After a rather lengthy business session, the subject for the afternoon, namely Immigration, was taken up and Mrs. Orvin Swingle gave us a splendid paper on the menace of Oriental immigration into this country. Mrs. S. Farrant was appointed as our delegate to the W.I. Convention. Next month's meeting is to be held at the home of Mrs. A. Krebs. The program will be Legislation and, weather permitting, Mrs. Purry from Olds will give us a talk on that subject.

The Pioneer is always glad to receive news items.

Blue Sky Laws Badly Needed

With better times now prevailing and business expanding in all directions, work plentiful and wages good, high pressure salesmen of stock in all manner of companies are again much in evidence. Some of the propositions laid before people who have a few dollars to invest are sound enough; others are speculative to a degree, with the probabilities that any money invested will be lost, or, at best, will not be productive of dividends for years to come. The more glowing the prospects held up to the gaze of the innocent investor, the greater the possibility that the investment is a decidedly risky one; in fact, not an investment at all.

Unfortunately, it is an extremely difficult matter for anybody but an expert, or those who make it their business to keep fully informed, to distinguish between the good and the bad of the stock selling propositions presented to the general public. The only safe course to follow before making investment in any stock is to consult a banker or some reputable financial institution. It is better to be safe than sorry.

It is furthermore unfortunate that the company laws of Canada do not provide adequate protection of the public against these professional promoters of questionable stocks and so-called securities. Canada has reason to be proud of its general code of laws, but in this one respect the Dominion of Parliament has been sadly neglectful of its duty in that it has not provided safeguards against the people of Canada being victimized by persons and corporations offering questionable stock for sale to an unsuspecting public.

Some provincial governments have endeavored to protect their people, only to have their best efforts largely defeated because of the refusal of the Dominion authorities to supplement those efforts. As a result thousands of Canadians every year are robbed of millions of hard earned savings.

For example, some years ago the Saskatchewan Legislature passed an act prohibiting the sale of stocks of any kind within the Province unless the Company offering the same first submitted their proposals to the Local Government Board and obtained the approval of that Board and its consent to the stock being offered for public subscription. Certain companies incorporated under Dominion charters challenged the right of the Province to so restrict their stock selling activities, and, upon an appeal to the courts, the Saskatchewan law was declared invalid in so far as companies incorporated at Ottawa are concerned. The situation, therefore, is that any company holding a provincial charter and whose stock the Saskatchewan Local Government Board will not permit being offered for sale, has only to obtain Dominion incorporation at Ottawa to defy the Saskatchewan Legislature and sell any kind of stock it likes, good or bad.

It will be recalled that much the same situation existed, when the Provinces first adopted prohibitory liquor laws. The Provinces could and did prohibit the retail sale of liquor, but they were powerless to stop its manufacture within their boundaries, and equally powerless to prevent it being brought into the province from other provinces or foreign countries, because this would be to interfere with trade and commerce which come solely within Federal jurisdiction. Public opinion, however, became so aroused that the Dominion authorities were forced to bow before it, with the result that the law was amended to provide that where a Province adopted prohibition it became unlawful under Dominion law to ship liquor into that Province.

There is need for a similar enactment in relation to Company incorporation. All that is needed is a very simple amendment by the Parliament of Canada to the effect that, where any Province passes an Act prohibiting the sale of stock in any company unless the same has first been approved by Provincial authorities, such law shall be applicable to a Company incorporated under Dominion charter in so far as that province is concerned.

To the average citizen there would appear to be no insurmountable difficulty to the passage of such a simple and reasonable amendment. In fact, the average citizen would imagine that the Dominion Government would be just as anxious as Provincial Governments to protect their people from being victimized by unscrupulous company promoters and stock salesmen. The amazing thing is that, notwithstanding pressure from Provincial Governments, representations from reputable business organizations, strong editorial appeals by financial and other papers, the Ottawa Government declines to do anything, but allows a deputy minister at Ottawa to stubbornly block all efforts made to provide ample safeguards to protect Canadian citizens.

Representations have for some months past been made to one Provincial Government regarding the operations of one of these high pressure stock selling concerns, and protesting against what amounts to legalized robbery, but all the Provincial authorities can do is to admit they are powerless because the Company in question operates under a Dominion charter.

And within recent weeks this very Company has been shown up in reputable financial journals as having secured over \$3,000,000 from Canadian citizens, of which considerably more than \$1,000,000 went into the pockets of a subsidiary company as "commission" for selling the stock. In fact, the parent manufacturing company has less than one dollar to show for every two dollars invested by the public. Not only so but the Company has never declared a dividend, and for every dollar's worth of goods it has manufactured and sold it has cost the Company five dollars to make the sale. Yet this Company is still being permitted to sell stock throughout Canada and is doing so to unsuspecting people on the strength of rosy promises of big dividends to come.

It is high time that a certain cabinet minister at Ottawa freed himself from the influence of a reactionary and autocratic deputy head, and drafted legislation to be presented to Parliament at its next session upholding and supporting the Provinces in their efforts to put an end to this stock-jobbing and legalized robbery, which today is a blot on the fair name of Canada.

Chinese First Paper Makers

Learned Method by Watching Wasp
Says Old Legend

According to an old legend, the Chinese first learned to make paper by watching the wasp build her nest. A Chinaman, watching the wasp one day, discovered that she took a bite of wood, chewed it into paste, and smeared it on her nest. When the paste became dry it turned into something like the present day paper. Thus the Chinese learned to make paper from wood long before any other people in the world.

Canadian Offices in London

Offices of Immigration and Trade
and Commerce May be
Combined

Hon. Robert Forke, Canadian minister of immigration, and Hon. James Malcolm, minister of trade and commerce, while in England this summer, will jointly consider the feasibility of combining in one building the branch offices in Britain and on the continent of their respective departments. It is understood. Such a procedure would eliminate duplication of premises and to a certain extent duplication of office staffs.

Mr. Malcolm has already received intimations that the allocation of \$100,000 for advertising Canadian goods in Britain will not go very far in making a widespread appeal. It is understood that one suggestion meeting favor is that when big English stores take a large space for general advertisement, Canada should pay a proportion of the cost for whatever amount of space calls attention specially to Canadian goods.

NO MEDICINE LIKE BABY'S OWN TABLETS

For Either the Newborn Babe or
the Growing Child

There is no other medicine to equal Baby's Own Tablets for little ones—whether it be for the newborn babe or the growing child the Tablets always do good. They are absolutely free from opiates or other harmful drugs and the mother can always feel safe in using them.

Concerning the Tablets, Mrs. John Armour, R.R. 1, South Monaghan, Ont., says:—"We have three fine, healthy children, to whom, when a medicine is needed, we have given only Baby's Own Tablets. The Tablets are the best medicine you can keep in any home where there are young children."

Baby's Own Tablets are a mild but thorough laxative which regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fever and make teething easy. They are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The good old Smith family seems to be disappearing in Washington. A new city directory just out shows only 3,500. There were 3,600 in the directory published a year ago.

London Man's Unusual Watch

Tells Time of Day in Ten Different
Parts of World

Nicholas J. Mockett has been dubbed London's "ten time man" because he owns the only watch in the world which tells the time of day in ten different parts of the world. The unusual watch has ten hands, each telling the time of day in a different part of the world.

The hands are painted different colors. They represent the time in New York, San Francisco, Chicago, London, New Orleans, Buenos Aires, Melbourne, Shanghai, Capetown, Calcutta and Mid-Atlantic.

DEBT PAYMENTS HEAVY DRAIN ON GREAT BRITAIN

London. — Expressing great misgivings because of the divergence of opinion and estrangement of sentiment growing up in regard to the war debts, the British Government, in a note to the United States, challenged the accuracy of the statement of March 17 by Andrew W. Mellon, secretary of the United States treasury, that Great Britain's debt payments to the United States will not constitute a drain on British economic resources.

Citing what the British Government regards as errors and inaccuracies in Mr. Mellon's statement, the note expresses "trust that the United States Government will take steps to remove the unfair impression that has been created" by the issuance of Mr. Mellon's statement.

The note, which was delivered to Secretary of State Kellogg, by H. G. Chilton on behalf of Ambassador Howard, who is absent from Washington, takes up the specific position of Great Britain on war debts as mentioned by Secretary Mellon in a letter to Dr. John G. Hibben, president of Princeton University in reply to a statement by Dr. Hibben and 116 members of the Princeton faculty. This latter statement endorsed the open letter of the faculty of political science of Columbia University, recommending reconsideration and revision of the debts settlement made with the former allies of the United States.

At a subsequent meeting of the newly-elected board of directors, officers for the year were re-elected as follows:

Honorary president, E. H. Macklin; president, J. H. Woods; first vice-president, John Scott; second vice-president, Henri Gagnon; general manager and secretary, J. F. B. Lively.

Cattle Law Not Authorized

British Cattle Men Protest to Government Against Delay

London.—A number of resolutions passed by borough councils, protesting against the delay in authorizing importation into Britain of non-tubercular Canadian cows and heifers, have been received by the Government.

This was the reply to questions in the House of Commons made by Sir Harry Barnston on behalf of the Minister of Agriculture.

Sir Harry further said the minister had not the slightest intention of altering his decision not to permit the admission of non-pedigreed breeding cattle from Canada.

The questioner referred to the opinions of Chief Medical Officers and chief veterinary officers to the effect that it was very dangerous to introduce Canadian heifers to Britain because they were much more prone to tuberculosis than British heifers. Another member asked whether the understanding reached at the 1923 Imperial conference was that the only cattle to be imported were fat cattle for slaughter, or pedigree stock and not cows and heifers.

More Letters Written

Reduction in Postage Rates Increases Volume of Mail Matter

Ottawa. — The establishment of penny postage in Canada has had the effect of cutting down the revenues but, also, of increasing the volume of mail matter.

The revenue from letters prior to the reduction on July 1 last was roughly \$18,000,000 per year. The reduction from three to two cents applied to the same volume of business would therefore cut the receipts by \$6,000,000. The showing, however, promises to be much more favorable.

Several thousand animals will be bought by the Russians in this province if this number can be secured. They will be shipped via Montreal.

PLAN EXCHANGE OF GREETINGS FOR DOMINION DAY

Ottawa.—Acting on behalf of the national committee for the celebration of the jubilee of Confederation, Right Hon. Senator George P. Graham, chairman, is arranging for a unique exchange of greetings, which will serve on July 1 to emphasize the unity which exists throughout the Dominion. The committee in the first place urge that on the morning of Dominion Day, wherever celebrations are held, the message of His Majesty the King shall be read. In addition, Senator Graham has suggested to His Excellency Viscount Willingdon that there be an exchange of telegraphic greetings between himself and the Lieutenant-Governors of the provinces. To the suggestion His Excellency has cordially acquiesced as have the Lieutenant-Governors.

In order that the chain of greetings may be complete it has also been suggested that the Lieutenant-Governors exchange greetings with each other, and that there shall further be an exchange between Premier King and the Premiers of the nine provinces of Confederation.

Developing Idea of Universal Insurance

Vancouver Liberal Believes System Will Soon Be Leading Plank of Party

Vancouver, B.C. — Prediction that within a short time the outstanding policy of the Liberal party of Canada would be a scheme of universal public insurance covering not only old age pensions but also maternity benefits, invalidism, accident and unemployment, was made by Captain L. A. McKenzie, M.L.A., in addressing the Vancouver South Liberal association. The foundation for such a policy had been laid by Sir Richard Cartwright many years ago with such an annuity scheme, he said. The leaders of liberalism in Canada had since developed the idea until the logical outcome must be a universal insurance scheme.

Re-opening Rhinoceros Cathedral Paris.—The Rhinoceros Cathedral is now completely restored and will be reopened for religious services on Ascension Day, May 26. It is announced.

Solemn high mass will be conducted by Cardinal Luçon in the presence of a delegation from the committee which administered the gift from John D. Rockefeller, Jr., and the British and Danish committees who contributed financially toward the reconstruction work.

Wedded to His Post

Premier Ferguson of Ontario Has no Designs on Federal Office

Cooksville, Ont. — "I have no designs on any public position," Premier Howard Ferguson stated in an address here to Peel County Conservatives gathered in compliment to Colonel T. L. Kennedy, member of the Legislature, and Sam Charters, member of the Dominion House.

The Premier made the statement, so he said, to allay the suspicions of the "acute-eared young gentlemen of the press," who had read in recent speeches of his the "mixed purpose" of making overtures to Ottawa.

Later in his address the speaker made another reference to the subject. Following a review of his policy of making "new men from wayward boys," and of making life brighter for the youth born under physical handicaps, the Premier added:

"Things like these are what wed me to the Province of Ontario and its service, instead of seeking wider fields where I would not be as happy and contented."

Will Set Fruit Prices

Selling Method of British Columbia Board Should Benefit Consumer

Winnipeg.—Prairie housewives will pay no more for their fruit this year than in other seasons, declared P. M. Black, former provincial treasurer, and now chairman of the board of control, which will fix minimum prices for all British Columbia fruits and vegetables and issue licenses to shippers. Mr. Black, who has just returned from the Coast, said the scientific method of selling under the British Columbia board should benefit the consumers. The growers of the Coast were solidly behind the new scheme, he said, since they believe it offers a way out from their difficulties caused by years of disorganized marketing.

Whaling Fleet Prepares

North Pacific Fleet Conditioned for Season's Operations

Victoria.—The North Pacific whaling fleet is now being conditioned for the summer's hunting expeditions off the coast of Vancouver Island and Northern British Columbia and by the middle of May all the vessels will be at sea, scouting for the giant mammals.

Early in May four of the little steel steamers of the Consolidated Whaling Company's fleet will leave port for Rose Harbor, the base of the whaling operations at Queen Charlotte Islands, and a few days later the Naden harbor station will be opened with two more craft operating out of that port.

HON. J. A. ROBB STARTED LIFE AS A MILLER'S BOY

Kingston, Ont.—Hon. J. A. Robb, Minister of Finance, today was in a mood of confessions. He told the students of Queen—where he received the honorary degree of LL.D.—how narrowly he escaped becoming a preacher and how, as a miller's boy, he once took toll of the farmers' grist.

"At the age of 16," said Mr. Robb, "I was foolish enough to leave the high school, after refusing the very kind offer of my father's friend, a clergyman, who, having no children of his own, offered to pay all my expenses through Queens, providing I would agree to enter the ministry and become a preacher. But I did not lean that way, feeling then as I do now that I was not good enough to preach the gospel to others. And so I left the farm with its comforts, its joys, its drudgery and its great independence, to learn a trade and make a living as a dusty miller."

Mr. Robb turned the pages of another chapter. "During the first years in the mill," he went on humorously, "my duty was to sweep the floors and toll the farmers' grists. Now my duty is to toll the taxpayers of Canada and sweep in all the taxes they can't dodge."

Mr. Robb urged that in their studies of national problems, the students of Queens should study human nature more than geography and statistics.

He pressed that national unity was the special duty of jubilee year, that all should work for a greater and better Confederation — a Confederation not of land but of people.

Want "First Canadians" To Help Celebrate

Indians and Eskimos Will Take Part in Jubilee of Confederation

Ottawa.—It is anticipated that Indians and even Eskimos will in many centres of Canada take a prominent part in the forthcoming celebration of the jubilee of confederation.

It is regarded as highly desirable that as many of these "first Canadians" as possible shall take part in the celebration of the 60th birthday of Confederation. All applications from local committees for participation by the Indian people will be conducted by the department, it is said. Excepting in the more or less settled points at Aklavik, Arctic Red River, and other places on the Mackenzie, it is not expected that the Eskimos will take much part.

The suggestion thrown out by the national committee for the celebration that a maple tree be planted on July 1 at every point where celebrations are held is meeting with lively response. Already a very large number of committees have the matter in hand and are selecting the most suitable spot for the planting of "confederation trees." The practice, it is believed, will be widespread.

Heads Grain Board

Leslie H. Boyd Appointed for Another Period of Ten Years

Ottawa. — On the recommendation of the Minister of Trade and Commerce, the Government has appointed for another period of ten years Leslie H. Boyd, K.C., as chairman of the Board of Grain Commissioners with headquarters at Fort William. Mr. Boyd's salary is fixed at \$10,000 per year. Before going to that position in 1917, Mr. Boyd was a prominent lawyer in Montreal.

Some efforts to have him replaced by a western politician were made some weeks ago, but were not entertained and the re-appointment was not unexpected.

Goes to Privy Council

Victoria.—Decisions of the three Canadian courts declaring the British Columbia fuel oil tax unconstitutional will be appealed to the Imperial privy council by the provincial government in July. It was announced today. Leave to take the case to higher court in the British Empire was cable here by the Privy Council this morning.

GOVERNOR-GENERAL VISITS WINNIPEG

His Excellency Viscount Willingdon, Governor-General of Canada made his first official visit to Winnipeg on Saturday afternoon, April 23rd, and he received an enthusiastic reception from thousands gathered in front of the station of the Canadian National Railways and lining both sides of the route along Main Street to the City Hall.

The photograph shows the viceregal party on the platform of the station immediately after the arrival of the train. From left to right those in the group are: Viscount Willingdon, Lady Willingdon, and His Honor T. A. Burrows, Lieutenant-Governor of Manitoba.

LOCAL AND GENERAL

Mr. and Mrs. H. Reiber are leaving to-day (Thursday) to be present at the Convocation at the Edmonton University.

W. Burrell returned on Friday last from Ontario, and reports seeding there pretty well completed. The past winter had been very mild and consequently farming operations were well advanced. H. Shantz, who spent the winter with friends in Ontario, and who returned here a couple of weeks ago gives about the same report.

Birth—At the Didsbury hospital, on April 28th, born to Mr. and Mrs. J. A. Hughes, a daughter, Phillis Jean.

Four cars of lumber arrived here last week for the new elevator being erected for the Wheat Pool, work upon which commenced this week.

With reports of the Ogapogo seen in the Okanagan Lake, and later in Howe Sound, Vancouver, we are not at all surprised at one also having been seen in the Rosebud Creek. One of our residents, however, maintains he saw it, and the idea didn't come from his hip pocket, either.

The Didsbury Feeding Co. ship a double-deck load of hogs to-day to Swift's, Portland.

Births—On April 26th, Mrs. Edwin Jackson of a son. On April 23, Mrs. Bryan Johnson, of a son.

Notwithstanding the unfavourable weather of last week, it is surprising to learn the amount of seeding that has been accomplished. East of town, where perhaps there is not as much moisture as in the west country, we are credibly informed that sixty-five per cent. of seeding has been done. Wm. Morton has finished two hundred acres with seventy more yet to seed, and another of our farmers, A. E. Foster, has seeded one hundred acres.

Mrs. J. Russell and daughter Jean left to-day on a visit to friends at Cochrane.

Be sure to see the exhibition of Indian club swinging by the C.G. I.T. Girls at their Maytime Tea at 3:30 and 4:30 p.m. on Saturday, May 14th, 1927, at the Opera House.

Some of those old European castles with their turreted walls would probably rub their eyes with astonishment (figuratively speaking, of course) were they to behold one of their kind built up of tomato cans. A very good attempt, however, at a representation of one of their old medieval relics has been made at Studer's store, where in the north window "Tomato Week" is emphasized by a striking display of a castle. One speculates on what those old walls had witnessed, a siege perhaps with all that it meant in knightly armor engaged in mortal combat, or, looking more closely, one can even see a gay concourse emerging for an eventful period in some tournament. See, the portcullis is up, the drawbridge is down, and with pennants flying the gorgeous array of personages leave the old castle walls, and on a stretch of ground previously prepared perform doughty deeds for their "fair ladye" to witness.

Crop Conditions.

Weather conditions over the west during the past week have been somewhat unsettled, with considerable rain and snow over the northwestern districts of Alberta. Didsbury received a heavy snowfall last Saturday, and farming operations were consequently temporarily suspended. Monday, however, there was a good drying wind, and the probabilities are by the time this issue is in the hands of our subscribers, seeding will again be resumed.

Major H.G.L. Strange, a prominent farmer of Central Alberta, states that in his district in the year 1920, seeding was not general till June 1st, and a splendid crop of No. 1 Northern was harvested in due season.

In Vulcan, Nanton and Staveland districts, 80 per cent of the wheat is needed in Claresholm district, 60 per cent; Cardston, Spring Couler, and Magrath district, 10 to 20 per cent.

Following the recent snowfall one or two fine days since have had the effect of bringing the grass along very quickly and warmer weather will guarantee more feed than for years past.

W.C.T.U. Convention.

The Fifteenth Annual Convention of the Central Alberta District of the W.C.T.U. was held at Lacombe St. Andrew's United Church on May 5 and 6, 1927. The following general officers were present: Hon. President, Mrs. E. M. Sharpe,

Lacombe; President, Mrs. H. M. Reiber, Didsbury; Vice-President, Mrs. T. J. Coote, Clive; Cor. Secretary, Mrs. J. I. Poole, Wetaskiwin; Rec. Secretary, Mrs. C. J. Edwards, Innisfail; Treasurer, Miss M. A. High, Red Deer. The Provincial President, Mrs. L. C. McKinney in her splendid address made a strong appeal to all the listeners. The District President, Mrs. H. M. Reiber, presided over all meetings. The unions of the district were well represented by delegates who proved themselves helpful to the convention by reading well prepared papers and giving reports of local unions. Also discussions and demonstrations pertaining to the different phases of the work had a prominent place on the program. The banquet on Thursday evening, tendered to the convention was much enjoyed and especially the speeches given by honorary guests. The musical numbers rendered at each session are worthy of note. In the election of officers for the ensuing year there were no changes except that of President and Vice-President. Mrs. H. M. Reiber was again elected President almost unanimously but declined. Mrs. T. J. Coote was then elected as President and Mrs. Reiber Vice-President. The next District convention for 1928 will be held at Innisfail.

Refered by the Governor of the State, the Mayor and many other prominent people of Columbus, Ohio, has been the experience of Sam Glode, Micmac guide of the Milford Camp in Nova Scotia, who arrived at the Windsor Station, Montreal, recently, on his return from a two weeks visit to Columbus, where he attended the convention and banquet of the League of Ohio Sportsmen. Glode is noted throughout the woods of Nova Scotia for his uncanny ability at moose calling, addressed the gathering of over 1,500 sportsmen on Canadian hunting facilities, particularly in reference to Nova Scotia.

Ten Millions to Fight Corn Borer.

WASHINGTON, April 30.—A little worm one inch in length—the European corn borer—has caused farmers in the United States crop losses totalling millions of dollars.

To fight this pest which infested New England in 1917 and steadily spread south and westward the government this year will spend \$10,000,000. The campaign to eradicate the corn borer is probably the greatest ever undertaken against an agricultural pest.

The corn borer attacks ears and stalks of corn from within the husks. They eat and eat until the corn attacked is valueless. Not only is corn attacked, but entomologists say the borer eats as many as 200 different crops, including cotton and sugar cane. Drastic steps are being taken to curtail the infestation.

The agricultural department has imported eight types of parasites known to be hostile to the borer. Several of the parasites have savagely attacked the pests in some sections.

Raw Wheat a Paris Fad.

PARIS, April 30.—Fashionable society here has discovered a new cure for all ills—raw wheat, a teaspoonful to be taken thrice daily before meals!

Andre Laphin, the writer on dietetics, launched the craze. Raw wheat, he declares, contains vitamins lacking in many other articles of food, and notably the nerve stimulating vitamin B. To munch a small handful of wheat grains before meals was far better than cocktails or aperitifs, he stated.

Several prominent people in the smart set followed this advice and

declared that they felt ever so much better.

Now the fashionable doctors prescribe raw wheat for their patients and the principal restaurants serve a teaspoonful of grain as a special hors d'oeuvre.

Canadians Writing More Letters

The establishment of penny postage in Canada has had the duplicate effect of cutting down the revenues, and also of increasing the volume of mail matter.

The revenue from letters prior to the reduction, on July 1 last was roughly \$18,000,000 a year. The reduction from three to two cents applied to the same volume of business would therefore cut the receipts by \$6,000,000.

The showing, however, promises to be much more favorable. While the revenue statements of the department for the fiscal year will not be complete for some weeks, the indications point to the revenue being decreased by the penny postage, but only by two instead of six millions. It is evident that, because of the reduction, reviving business, or some other reason, people are writing a third more letters than they did a year ago.

Here and There

The third great International exhibition of leather goods will be held in Milan, Italy from January 22 to 29, and promises to be a greater success than either of the former exhibitions held in Europe. Business transacted during the first two exhibitions amounted to over \$13,000,000.

All taxes formerly required to be paid in Italy on hotel bills, baths and medical attention in health resorts, have been abolished, according to recent information given out by the Royal Consul General of Italy. Such information will prove interesting to tourists contemplating a visit to that country.

Quebec—What is said to be a record shipment of eels, 168 tons, left this port for New York recently, the last of eight consignments since the beginning of November, all for the same city. New Yorkers have acquired a partiality for the eel from the region below Quebec, and the trade is growing each year.

One of the largest farm sales in several months to a single immigrant family was recently effected in the purchase of a 720-acre tract five miles south-east of Brandon by a Lutheran farmer and four sons; the purchase price being \$28,000. According to Dr. A. T. Connell, the farm is well equipped with stock and buildings.

An Outstanding Ford Improvement

The Hot Plate VAPORIZER

Now Standard Equipment

The Ford Hot Plate Vaporizer is the most advanced improvement on the Ford engine in the last nineteen years. It produces a perfect fuel mixture which burns to the last atom because it is completely vaporized.

The Ford Hot Plate Vaporizer Gives these Advantages

- 1 Gasoline burns more readily and completely.
- 2 More even distribution of fuel to the cylinders affords smoother performance.
- 3 Crank case dilution is eliminated.
- 4 Better cold weather performance and easier starting.
- 5 Even when low grade fuel is burned a remarkable improvement is obtained in engine performance.
- 6 Greater power and more mileage per gallon.
- 7 One setting of carburetor is sufficient for all weather and driving conditions.
- 8 Greater flexibility, particularly at low engine speed.

IMPORTANT: Present owners of Ford cars and trucks can have the Ford Hot Plate Vaporizer installed by their Authorized Ford Dealer.

Plaits Assume Importance

The latest reflections concerning the approved silhouette, admit plaits to a place of importance in bringing about the desired full skirt. In this graceful one-piece frock, narrow box-plaits are placed either side of the front, extending from the belt to lower edge, and provide the desired flare. The plain back is in one-piece, extending over the shoulders in yoke effect. There are a group of small tucks at each shoulder, and the long plain sleeves are finished with narrow cuffs. The diagram pictures the simple design of No. 1285, which is in sizes 16, 18 and 20 years (or 34, 36 and 38 inches bust only). Size 16 years (34 inches bust) requires 3 1/2 yards 39-inch, or 2 1/2 yards 54-inch material. Price 29 cents.

The secret of distinctive dress lies in good taste rather than a lavish expenditure of money. Every woman should want to make her own clothes, and the home dressmaker will find the designs illustrated in our new Fashion Book to be practical and simple, yet maintaining the spirit of the mode of the moment. Italian Arrested For Selling White Bread

Law Imposed by Mussolini Forbids Any But "Economy Loaf"

Snooping fascists, at Naples, followed a hearse. Sniffing, they inhaled the aroma of fresh bread. Soon the mortician was handcuffed, his hearse found to contain white loaves. Weeping, imploring, the wretched culprit was dragged away, was jailed. He had broken the law forbidding the baking, transport, or sale within Italy of bread whiter than the "economy loaf" imposed by Signor Mussolini—a loaf either of whole wheat flour, or of white flour mixed with coarser grain. Since the mortician-baker had with him a list of rich Neapolitans who have been buying his bootlegged bread, these potent folk trembled, feared arrest or fascist reprisals for their iniquity.

WEAK AND NERVOUS

The Condition of a P. E. I. Lady Who Again Rejoices in Good Health

"I can most heartily recommend Dr. Williams' Pink Pills to all weak people," says Mrs. Augustin Arsenault, Wellington Station, P.E.I. "Before I began their use I was very weak and nervous. I had always worked hard, with no thought of my health, until suddenly my strength left me. I began to feel tired and depressed, and did not sleep well at night, feeling just as tired in the morning as when I went to bed at night. I began to feel discouraged when I would think of the work necessary for me to do. I got some medicine from the doctor whom I consulted, but it did not appear to meet my case as I showed no improvement while taking it. Then a neighbor advised me to try Dr. Williams' Pink Pills and I got a supply of this medicine. I very soon found they were helping me, and I continued their use until I was well again, and I have been strong and well ever since."

Dr. Williams' Pink Pills do one thing—and do it well. They build up, purify and enrich the blood, and as the blood supplies the whole body, new life is given to the entire system. Better sleep, steady nerves, improved appetite, increased vigor—all these can be yours by taking Dr. Williams' Pink Pills. Begin today. Sold by all medicine dealers or by mail, post paid, at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SUNDAY SCHOOL LESSON

MAY 15

PETER AT PENTECOST

Golden Text: "Repent ye, and be baptized every one of you in the name of Jesus Christ unto the remission of your sins; and ye shall receive the gift of the Holy Spirit."—Acts 2:38.

Lesson: Acts 2.

Devotional Reading: Philipians 2:5-11.

Explanations and Comments

1. The Coming of the Holy Spirit at Pentecost, verses 1-4.—Before He left His disciples Jesus gave them a great commission. They were to convince others that He is the Son of God, that he lived and taught as only they could fully testify, that he willingly suffered death on the cross for the salvation of the world, and that He had arisen from the dead and ascended into heaven. "Jesus Christ and the power of His resurrection" was a truth which the world would not readily accept. Only through power given them from on high could these men accomplish their great task.

On the Day of Pentecost that power came. There was a sound as of wind and an appearance as of fire—symbols of the Holy Spirit. The disciples found themselves praising God in words that sounded strange to them. The important fact was that they then realized that the Spirit of God had come into their hearts, that He was to abide with them as their Strengthener and Helper, to inspire and guide them in the work of making the Christ known to the ends of the earth.

"The Holy Spirit is just God making man understand Him, God making Himself intelligible to men, God speaking to each kind of man in his own tongue."—John Kelman.

How Should I Wean My Baby?

This is a serious problem to many mothers. Weaning should always be done gradually, beginning about the seventh month, giving one or two bottle feedings during the day, increasing the number of bottle feedings gradually until weaning is accomplished. Borden's Eagle Brand Milk is so like mother's milk in taste and ease of digestion that it can be given alternately with breast milk without causing abrupt weaning.

In this paper from time to time you will find an advertisement of Borden's Eagle Brand Milk, a food that has raised more healthy babies than all the prepared infant foods combined. Cut out the advertisement and mail it to The Borden Company Limited, Montreal, and they will send you, free of charge, instructions for feeding your baby, and a Baby Welfare and Baby Record Book. Or, just write the Company, mentioning this paper, and they will be sent.

A Memorial Window

To Be Erected in Winnipeg in Remembrance of Major-General L. I. Lipsett

A memorial window for Major-General L. I. Lipsett, general staff officer, who commanded the 8th battalion C.E.F. during the war, is to be placed in All Saint's Church, Winnipeg. An inscription stating that it is erected to the memory of General Lipsett by the 3rd Can. Division, 2nd Can. Infantry Brigade, and the 8th Battalion C.E.F., will be placed underneath. War veterans throughout western Canada who may wish to subscribe to this memorial fund, may send any amount, no matter how small, as it is wished to make the subscriptions as representative as possible. Remittances may be sent to Mr. F. L. Patton, assistant general-manager Dominion Bank, Main and McDermot Streets, Winnipeg. Subscriptions to be sent not later than June 1st, 1927.

CHAPTER XXXV

The Fete

Puppets and mannequins — puppets in conventional evening black that uniforms eager and blasé men alike, and the mannequins of their joyous world in the peacock resplendence that levels the cheap and the superb; Pierrots and Columbines, eyes shining with the thrill of youth that crosses every threshold with merry speculation—in endless stream they drove from every reach of the Riviera to the gates of Villa Amette.

Beyond the gates the gardens and terraces, miniature lakes and fairy-like structures in delicately pink stucco, were bathed in a dull silver flood of artificial moonlight. On the lakes tiny gondolas floated lazily, through waters rippled by dimly illuminated fountains that spouted faint perfumes.

Hidden somewhere in a bower of orange trees an orchestra played its lamentations and its odes of summer night passion. Tall palms, feathery topped, black and fantastic, made bowers around benches and tables; great stretches of the lawns had been carpeted with crush-blossoms—purple lilacs, rhododendrons, hyacinths and clematis. Now and then, from the branches of a pepper or fig or pine tree, some fascinated bird of semitropical plumage, too curious to seek its nest, gazed down upon the scene with gleam-bright inquisitive eyes.

During the day the gates had been closed to all visitors. Only the workmen, caterers, electricians, and the spluttering, queer-mannered men who herded troops of dancers and more nondescript performers, had been allowed to enter the grounds. There had been frantic efforts in many quarters to break through the barrier so firmly guarded by watchmen, but none had been successful. Even the telephone, except that line which reached the offices of the servants,

had been shut off. So it was that even the intimates of Villa Amette, those who had watched the preparations from day to day, were utterly amazed at the splendor, the lavishness, the consummate artistry of the spectacle into which they strolled.

Teddy Dorninster, who had been one of those whose call during the day had been futile, stood amazed when, with his sister, Betty Weymouth, at his side, he turned about, on the highest terrace, to look over the sloping lawns. Betty exclaimed: "Truly, an appropriate whim for a Golden Girl!"

John took her suddenly in his arms. She did not resist but yielded to him limply.

"Darling, brilliant, extravagant!" Lord Teddy murmured. "But just the sort of thing we might expect from her! It's got barbaric; there is nothing flaunting. It is a splash of countless money and magnificence but a mellow splash. Somehow I see a note of wisdom in it all."

Betty Weymouth was silent a moment. Then she said:

"Do you know, Teddy, I think you're right. There's something in this scene tonight, this fete, that isn't mere extravagance; it's uncanny, I know, but I believe there's sadness in it, some place."

"Yes. Like a beautiful woman. There's joy always; but for someone, sadness, too!"

Betty looked at her brother quickly, and understandingly. The sadness he sensed would be for him—that the girl whose spirits were being given expression tonight was beyond his honest want of her. "Come!" Betty said. "This is no time to be sentimental. There is Roddy Kenilworth, looking none the worse for that thrilling adventure he's rumored to have experienced last night with Joanna. Perhaps he'll tell us something. Nobody seems to know the straight of it!"

Kenilworth, who frankly admitted that he was provoked by Joanna's refusal to hear from him during the day, treated the inquiry by Lord Teddy and Betty whimsically. "Whatever you've heard isn't true," he said. "And what's true isn't interesting. Just a comic opera hold-

up, with something fishy about it. The Monaco police notified me today that all valuables taken by the bandits had been mysteriously delivered to them in a package with the terse suggestion that they be returned to their owners."

"But Joanna?" Betty Weymouth asked. "You should never have taken her up La Turbie, Roddy. There are ugly hints about."

Kenilworth ignored the probing. "It is ten o'clock already," he observed, "and neither she nor Yvonne has appeared. Both of them have an admirable sense of the dramatic."

Footmen in scarlet and gold moved among the guests bearing trays on which cobwebby glasses and silver decanters clinked. Wines of Brittany and the more sensuous fluids of Bordeaux flowed freely. A young debutante from America, one of those whom Joanna used to copy but who, now, planned long and earnestly to hit upon ways of copying her, exclaimed to her companion:

"It's like a scene in a stupendous movie only so different! A movie party is always so coarse and cheap. Here everything is on such a scale of splendor that is romantic! There is so much wine and champagne about, but no one is silly!"

An English countess whirled away on the mimosa bowered dance floor with a partner borrowed for the moment from a celebrated beauty from the chorus of the Folies Bergere. An Indian Prince, scornful of the rules of his caste, wrapped a spell with his sombre black eyes about a gentle girl in satin and pearls. A Deputy of France discussed his wife with a Monte Carlo mascot in whose saucy head reposed the secrets of many other wives.

Into this enchanted garden the Golden Girl walked at last, with Yvonne beside her. In no bit of her that the eye could discern was there a memory of the night before; of the bitter, disastrous hour in the little room at the club house on La Turbie; of the desperate drive down the mountain, or of the scene at the fireplace with Yvonne and John as the actors. The pose of her was regal, arrogant. The crowd that watched the turn of her head, the glimmer of her gold brown hair, the dancing of a thousand phantoms in her deep-brown eyes, saw only the pride and consciousness of her golden aura and her self-indulgence. It seemed to every one in that crowd that when Joanna had looked upon them, had accepted greetings and expressions of wonder, she gave her brown crowned head a merry toss and then plunged into the seething torrent her golden wand had conjured.

Kenilworth managed to reach her. He caught her hands and hurried into a cascade of questions about the outcome of the night after the bandit took her away, but she laughed at him. "I'll think and talk of yesterday tonight, Roddy," she bantered. "I'm living now just for the hour. Everyone who dislikes me; everyone who scorns me; everyone who loves me is here tonight—who knows? You may dance with me once—a waltz, I think, Roddy. You may hold me close. I want everyone to hold me close, tonight! But you mustn't talk—of anything except of me just as I am tonight. Come!"

She led him to the nearest dance space. At every vision of her, wherever she went, orchestras burst into their melodies. She

Little Helps For This Week

As many as I love, I rebuke and chasten.—Rev. Ill. 19.

Great Master, touch us with Thy skillful hand.

Let not the music that is in us die; Great Sculptor, hew and polish us; nor let.

Hidden and lost, Thy form within us lie.

Spare not the stroke, do with us as Thou wilt.

Let there be naught unfinished, broken, marred;

Complete Thy purpose, that we may become

Thy perfect image, O our God and Lord.

—Horatius Bonar.

Troubles are often the tools by which God fashioned us for better things. God Almighty casts a man down when He wants to chisel him and the chiselling is always to make him something finer and better than before.

—Henry Ward Beecher.

Requisite on the Farm.—Every farmer and stock-raiser should keep a supply of Dr. Thomas' Electric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by colic it far surpasses anything that can be administered.

King Alfonso Drives Auto

Has Quickness of Perception Necessary to Good Driver

King Alfonso, known to be the best driver in Spain, is an expert because he approaches the American in type and has the quickness of perception necessary to the good driver, according to Margaret Fitzhugh Browne, Boston portrait painter. Commissioned to make a character study of Alfonso for the New York Yacht Club, Miss Browne has returned to New York with her finished work.

Although Alfonso is given to driving at great speed, he never has had an accident, states Miss Browne, for the reason that he thinks and acts quickly, knows his car, sees that it is kept in perfect order, and speeding is fairly safe since the highways in Spain are noticeably free from traffic.

An Oil that is Famous.—Though Canada was not the birthplace of Dr. Thomas' Electric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far afield enough to attest its excellence, for in all these countries it is on sale and in demand.

Nothing pleases a man with a well-developed sense of humor so much as setting two chronic bores to boring each other.

Ingredients of Bread

The inhabitants of cold countries make the darkest bread, of the tropics the whitest. Cornstarch is used as an ingredient in bread in Mexico and Central America, dried fish is used in Iceland, potatoes in Ireland, chestnuts in Italy, and during lean years the bark of trees in Russia.

Her Kidney Trouble Quickly Disappeared

New Brunswick Lady Tells of Benefits Derived from Dodd's Kidney Pills

Miss S. Moorehouse Advises All Kidney Sufferers to Use Dodd's Kidney Pills.

Zealand Station, N.B. (Special).—"I saw your advertisement for Dodd's Kidney Pills," states Miss S. A. Moorehouse, who lives at this place. "I had suffered with kidney trouble for over a year, so I decided to give your Dodd's Kidney Pills a trial. I have used several boxes now and have found great relief in them. I can highly recommend Dodd's Kidney Pills and would not be without them."

The reason Dodd's Kidney Pills have come to occupy such a prominent place in the home is that so many ordinary everyday ills come from sick kidneys.

Rheumatism, urinary troubles, backaches and heart disease can be traced directly or indirectly to sick kidneys. To be assured of good health the kidneys must be kept in good working order all the time.

CARRIED WIFE TO BED

Suffered So She Could Not
Walk. Restored to Health
by Lydia E. Pinkham's
Vegetable Compound

Minesing, Ontario.—"I am a practical nurse and I recommend Lydia E. Pinkham's Vegetable Compound to suffering women. For three months I was almost helpless and could not sit at the table long enough to drink a cup of tea. Many a time my husband carried me to bed, I would be so weak. Then he read in the paper of a woman suffering as I did who got better after taking the Vegetable Compound, so he went and got it for me. When I had taken three bottles I was just like a new woman and have had splendid health ever since. When I feel any bearing-down pains I always take it; sometimes a half bottle or whatever I need. It is my only medicine and I have told many a one about it. Any one wanting to know more about Lydia E. Pinkham's Vegetable Compound, I will gladly write to her. I do all I can to recommend it for I feel I owe my life and strength to it."—Mrs. NEAL BOWSER, R. R. 1, Minesing, Ontario.

Do you feel broken-down, nervous, and weak sometimes? Do you have this horrid feeling of fear which sometimes comes to women when they are not well? Lydia E. Pinkham's Vegetable Compound is excellent to take at such a time. It always helps, and if taken regularly and persistently will relieve this condition.

EVANGELICAL NOTES.

Considering the bad roads and weather conditions last Sunday the Mother's Day services were fairly well attended. The pastor's morning discourse was on "Mother." In the evening the Senior League and the congregation had a joint meeting. "Home" was the subject of every song, prayer and speech in this meeting. Five or six different ones took part on the platform as individual helpers. The Choir assisted very ably with a most fitting selection in the morning and evening services.

Members and friends of the congregation will be interested in the fact that our catechetical graduates of Palm Sunday are still advancing. In their regular meeting last Wednesday, the organization of an Intermediate League of Christian Endeavour took place. The officers are: Pres. Gordon Boettger; Vice-pres. Leonard Berscht; Rec. Sec. Willard Hehn; Cor. Secy. Gertude Reichmann; Treasurer, Gerald Boettger. The object of this League is two-fold, namely, to promote an earnest Christian life among its members and training for the service of God.

On May 18th a Mother's meeting will be held at the parsonage at 3:00 p.m. under the auspices of the Cradle Roll department of the S.S. This meeting is planned to bring helpful information and inspiration to every mother in attendance. Any mother with a baby in her home is most cordially invited.

KNOX and WESCOTT

Sunday, May 15th, the minister is taking for his theme "The Puzzle of Human Nature." Six questions are to be dealt with, as follows:

1. What is the greatest task of this century in regard to human nature?
2. Does human nature change?
3. Have you "I" trouble, or is selfishness justified?
4. In what respect should we be more selfish?
5. What part in life does the fighting instinct play?
6. Do you care what people say about you?

No one can make much of his life who does not know when and how to be selfish, or how to use to the best advantage the fighting instinct. Not to care what people think of you is to be less than half alive to great character-making force.

Lone Pine Hall

On account of the condition of the roads last Sunday no services were held at Lone Pine hall, but plans are being made to hold "Mother's Day" services Sunday, May 22nd.

The marked increase in attendance during the recent month has been very encouraging. More than twenty young people braved the weather to attend a Walther League banquet given at the home of Mr. J. Bode the previous week. The affair did much to revive Christian consciousness and to strengthen the bonds of Christian fellowship.

On Sunday next, the pastor will speak on "The bitter complaint" of Jeremiah, uttered from the midst of persecution, and God's reassuring answer. The valuable lessons ought not to be missed.

TO MEMBERS OF THE WHEAT POOL.

Once each year Wheat Pool members are called to choose the men they want to administer the affairs of the Pool for the coming year. To successfully direct a business of this magnitude requires that men of outstanding merit be selected. They must be chosen by the Pool members themselves. It is your job. It is both a privilege and a duty. Don't neglect it.

The system of electing Delegates was changed at our last annual meeting. Instead of sending each member a ballot card we are now required to send him a Nominating Paper. You will find this on the back page of the membership list. Full in-

structions for using it will be found on the inside front cover and on the back page. Note that the nomination of any member must be Signed by Ten Members and the Nominee must sign in the place provided on the Nominating Paper. All nominations must be returned to Head Office not later than Wednesday, June 15th, next.

The first thing is to see that the member you want as your Delegate is duly nominated, then get your Nomination Paper into Head Office before June 15th, then watch for your ballot paper about the first of July. When it reaches you, use it promptly, being careful to follow instructions which will accompany it.
